WIND, HAIL, AND
RAIN STORMPlunge City into Darkness—There
Was Awe at The Churches And
Candles Burn As of Old.

A terrific hail, rain, and wind storm passed over Marion and vicinity Sunday night, about 8 o'clock doing considerable damage and thoroughly alarming the natives. A bolt of lightning ran into switch board at the power house and blew the fuses controlling the arc light circuit which plunged the city streets into darkness. The rain peppered the roof of the power house and the wind blew much of it off letting the flood in on the machinery and belts which quickly put the incandescent light circuit out of business and left every one who uses electric lights in blackest darkness. The churches were filled with worshippers who sat in the dark pews in silence as the storm roared and church windows were crushed by hailstones. Many homes also had window lights broken.

A number of arc lamp globes were broken either by the hail or the bolt of lightning, which one of the storm elements did the mischief is uncertain.

In some places the hail drifted to a depth of 6 inches. The gutters overflowed and the streets were flooded with water.

Although the vivid lightning flashes and the hail, rain, and wind were appalling, no fatalities have been reported in this vicinity and the property damage will not exceed a few hundred dollars. In southern Illinois and Indiana, however, death rode upon the storm.

More than thirty people were killed and over 100 injured and there was much property loss.

Damage Repaired.

By working most of the night and by the use of tarpaulins to cover the leaky places in the roof of the electric light men succeeded in getting the house lights into commission soon after the midnight rain storm passed over but the damage to the street light circuit required longer to repair and not until Tuesday was the street light service restored. A new roof was put on the power house, Monday.

IN SOCIETY

The F. S. Club had a most delightful time with Miss Katherine Yandell, Saturday afternoon, April 20th.

Delicious refreshments of nut salad, pickles, mints, sandwiches, nabiscoes and hot chocolate.

Those who enjoyed her hospitality were:—

Misses Maude Flanary, Katherine Yates, Frances Blue, Myra Dixon, Madeline Jenkins, Susie Boston and Nannier Rochester.

After spending a very pleasant afternoon the guests departed to meet with Miss Madeline Jenkins in May.

Judge Gordon has had a concrete pavement placed in front of the Brooks property on Main St. and that of his own residence.

MARION CONGER
SERIOUSLY HURTTeam Took Fright at Passing Automobile And Ran
Away.

Marion Conger, who lives a few miles east of the city, was seriously hurt, Saturday morning by being thrown from a wagon in which he was riding with R. F. Wheeler, when the team took fright at a passing automobile.

The driver of the car stopped near Foster's stable when he saw the team looked frightened. They passed the car, but ran away throwing Mr. Conger out on his head near the crossing at the Masonic corner. Mr. Wheeler held to the lines and undertook to hold the team in the team in the street, but after passing Court Square, they turned and ran into the fence in front of the Wheeler property throwing him out against a small tree just over the fence in the yard where the ground is soft. Although considerably shaken up, he was not seriously hurt. Mr. Conger did not fare so well. He was thrown on his forehead on the rocky street and was dragged over the rough cobble stones, bruising and cutting his face and forehead very badly.

When picked up, he was unconscious and was carried up to Dr. Clement's office for treatment. Some little time after, his wounds being dressed, he revived and was able to return home in the afternoon and unless something unexpected develops he will soon be able to be up and about his farm work again.

ADDITIONAL LOCALS

Col. Edward D. Stone was in the city Tuesday and attended Byron King's lecture at the school auditorium. He said he would class Mr. King as one of the King's of the earth in the art of expression.

F. B. Heath who has carried the plans and specifications so admirably to completion on the new Methodist church here, has calls now for his services in other fields, and may go to a city much larger than Marion, soon, to build a similar church.

Supt. F. D. Stone, principal of the Morganfield city school, will close his school, May 24. Commencement services begin May 22. Afterward he will visit his old home in Crittenden Co.

Crittenden County Roads

It is difficult to understand the apathy of the residents along the numerous highways in this county as to the present almost bottomless pits that by courtesy are called roads. On Tuesday Mr. Geo. Roberts and Marting were driving over the Salem road or rather the slough of mud leading toward that bright hustling little city, when one of those concealed pits was met with and their buggy overturned, both gentlemen thrown out into the slushy material called the road bed and the horses properly started to run as even a dumb animal will try to get out of such a country.

As it happened, nothing very serious occurred except the loss of a couple of suits of clothes and the recollection of a country that is devoid of any civic pride as to its own affairs.

It seems to the Press, time that the authorities, be they

CEREMONIES OF NEW
METHODIST CHURCHFull Text of The Programme, An
Auspicious Event in Ma-
rion's History.

The magnificent new Church, which the Methodist Congregation of this city have erected will be opened for public worship on Sunday next, April 28th, with appropriate ceremony, and the series of services in connection with the opening and dedication will continue for some weeks to come. We have pleasure this week in being able to inform our readers of the events which are scheduled to take place in connection therewith, so that they may make their arrangements accordingly.

The program as completed, commences on Sunday morning, April 28th, and continues until Sunday, May 19th, and is as follows:—

Sunday, April 28th:—
At 9:30 a. m. the Sunday School will assemble at the old Church Building on Salem Street, and march in procession to the new Building at the corner of Carlisle and College Streets.

At ten o'clock, Dr. Mather the pastor, will conduct a Baptismal Service, at which a number of infants and young children will be publicly dedicated to God in Holy Baptism.

At ten forty-five, Public Worship will be held, and the following programme observed,—

Orchestral Prelude.
Hymn, No. 106, "O Worship The King," tune "Lyons."

PRINCETON
PRESBYTERYInteresting Meeting Held in Kut-
tawa, Ky.,—Had Large
Attendance.

The Presbytery of Princeton met at Kuttawa, Ky., Tuesday, April 16, 1912, at 7:30 p. m. The opening sermon was preached by the retiring Moderator, Rev. J. W. Hudiburg, from Dan. 5:5-6. The following ministers were present:

J. F. Claycomb, D. M. Harrison, J. W. Hudiburg, E. B. Landis, J. F. Price, and A. J. Thomson. Rev. J. N. Andre was dismissed to Charlotte Presbytery and Revs. W. G. Lang and Wallace Clift were received into this Presbytery. Most of the churches were represented.

Rev. J. E. Clark, D. D., was a visitor to the Presbytery and his excellent talks were highly appreciated and a great encouragement to the members. Wednesday morning was spent in discussing the report of the committee on College Board in reference to the Princeton Collegiate Institute.

At the 11 o'clock hour the sacrament of the Lord's Supper was administered. The sermon was preached by Rev. C. W. Lang, of Paducah, Ky., from John 5:11. Revs D. M. Harrison and J. F. Claycomb administered the sacrament.

Rev. J. E. Clark, D. D., spoke on the A. M. K. T. Forward Movement and J. F. Price on the Lebanon Bible Conference.

The committee on Evangelism reported that most of the church-

GEO. H. MADDEN
DROPS DEADIn Dr. A. J. Driskill's Office in
Conversation When Sum-
mons Came.

"In the midst of life we are in death" this old and trite saying was verified here Wednesday morning at 10 o'clock when Geo. H. Madden, the well known insurance man dropped dead in Dr. A. J. Driskill's office while in conversation with him about a settlement he had just made with Rev. T. C. Carter of this city. Mr. Madden arrived here on the 8 o'clock train and walked up from the station. He met and talked with numerous friends and was apparently in his usual health. The end came without warning. He had just read a letter to Dr. Driskill in whose office he was sitting when suddenly he pitched forward on the floor. Dr. Driskill rushed to his assistance and did all he could to relieve him but the spark of life had gone out never to revive. His heart had ceased to beat and he had no pulse.

Kind friends were called and his remains were taken to Dorr's undertaking rooms and prepared for burial.

He was employed by the Equitable Life Insurance Co., whose general agent, H. J. Powell was notified.

Mr. Madden resided in Louisville with his wife. They have no children, their only two having died in infancy 40 years ago. He was about 65 years of age.

His remains were taken to Louisville on the afternoon train accompanied by Rev. H. V. Escott who has been his life long friend.

NASHVILLE---CHICAGO.

The Illinois Central to Take Over
The Tennessee Central.

The Press learns from a source that it relies upon implicitly that the Illinois Central will shortly take over the Tennessee Central line from Hopkinsville to Nashville. The Nashville-Chicago limited trains will again be in evidence giving Marion a fast direct line between the two points.

Nice Sum Realized.

The ladies of the Main street Presbyterian Church who conducted a Bazaar last Saturday in a room in the Press building realized the neat sum of 90 odd dollars. They express thanks to those who assisted them.

Large Monument at Piney Fork.

Last Saturday a large monument was moved from the works of Henry & Henry at this place and erected at the grave of the former wife of the late W. B. Crider of this Co., in Piney Fork Cemetery.

The works was purchased by her son Jack Crider of Pond Creek, Okla.

Mrs. Crider was buried near 40 years ago, and had a marble slab placed at her grave at that time which is removed to give place for the granite monument.

Card of Thanks.

We desire to thank our friends and neighbors who so nobly assisted us during the illness and death of our daughter and sister and for the many kindnesses extended. May the richest blessings of God rest with you all.

Mr. & Mrs. John Sutherland & Children.

DEATH COMES TO
RUTH SUTHERLANDBright Little Daughter of Mr. And
Mrs. John Sutherland
of This City.

Eva Ruth Sutherland, the dearly-loved daughter of John B. and Mrs. Sutherland of this city, who has been sick for quite a while, was gathered into the Good Shepherd's fold, Sunday afternoon, last, April 21st at five o'clock.

Ruth was a precious "New Year's Gift" to the Sutherland family, having been born on New Year's Day 1898; and her short stay of about fourteen years in their midst has been marked by a singularly beautiful influence, which she exerted alike, in her home, and among her youthful friends.

She was devoted to the Church and Sunday School, and publicly confessed Christ as her Savior at a protracted Meeting held some two years ago by Rev. J. B. Adams, at the Methodist Church. Her one great desire was to live to see the Dedication of the New Church of which she was a member; but the insidious disease which had laid hold on her frail physique, in spite of all that could be done to prevent, claimed her body as its victim.

At times her suffering was great, but never a murmur was heard to escape her lips and at last there was no "sadness of farewell" when she passed into light.

Surrounded by a host of sympathizing friends and neighbors, she was reverently laid to rest in our beautiful Cemetery on Monday last, her grave being strewn with exquisite flowers, which were so emblematic of the fragrance which characterized the Child's life.

Dr. Mather, her pastor, performed the last rites at the home and at the graveside, assisted by a goodly number of members of the Church and friends, who sung appropriate music, and lovingly shaped the mound which notes the place of her sepulture.

CALDWELL SPRINGS

We are all very late with farm work.

The roads were never worse. It is almost impossible to haul over them.

A few have planted potatoes, but seed is so high that the crop will be short.

Otho Turley and Miss Martha Turley were married last week.

Mrs. Rose Mayes, Miss Leta Flanary and Jerry Barnes visited in Lyon county Sunday.

Mitchel Henson purchased a \$200.00 mule of M. S. Lowery recently.

The Free Betty ford is cleared off again. All who want to cross now, can do so.

T. L. Stone and Eura Duvall are still on the sick list.

Mrs. Ellen Williams, of Caldwell county, came over to see her father, T. L. Stone, Sunday.

Al Blackburn, of Piney Creek, came through here Friday enroute to Dycusburg.

Charlie Ralston went to Fredonia, Saturday.

The water has fallen and the fish wagons are busy.

A few tobacco beds were sown last week.

Bro. Marshall, of Eddyville, says "he lacks one church of having all his time taken up and he would like to preach for our church at Caldwell Springs." Bro. Marshall is a good man and the church would do well to get him.

Got Any?
The fall of the year always lays a special strain upon the nation's financial resources. For not only is there the money needed to move the crops, but also those great rolls of bills which prudent men, in putting away their light clothing, do not forget to forget in the pockets thereof, in order that they may come forth to light next summer.—Puck.

Grand Jurors, County Judges or Vigilance Committee, act, it certainly is time that the good name of this western Kentucky county be in some measure redeemed from the aspersions cast upon it by strangers and its own citizens.

The good roads movement has a lot of friends apparently and everyone of them also apparently are willing that somebody else should go ahead and build roads and every one of them will advise them how to do the work.

There is evidently a legal method to use in correcting this great evil and it is up to the county judge to put the law in full motion and we believe he will do

his duty. —Communicated.

We will say that the above was communicated to us by a man, who has done as much as any man living to induce capital to invest in our territory. He says the greatest drawback we have is the bad roads that prevail 6 months in the year.

DON'T FORGET

The Colt Show in September and The Free Barbecue to AM Our Patrons.

To Our Patrons:

We, T. Y. Ordway and W. D. Wyatt, have consolidated our breeding horses and by so doing, can offer our patrons an opportunity not to be found elsewhere in South-Western Kentucky. You have eight head to select from. Three handsome black jacks and five registered horses all bred in purple. Certainly one of them will please your fancy. We will be glad to have you call and inspect them before breeding elsewhere; "Seeing is believing," and it is a pleasure to show them:—

Billiken, 49430, is a beautiful chestnut sorrel, 5 years old, 16 hands high, high style and at a two-year-old trotted a mile in 2:38.

Lincoln Barnett, 37318, is a rich dark bay, 15½ hands high, kind disposition and has a pacing record of 2:12—That's going some in Caldwell county.

Joe Glover, a red sorrel with white markings, 15½ hands and a perfect combined horse. He will show for himself the day you call.

King Eclipse, 5803, is a black, 15¾ hands, heavy mane and tail and of the noted Morgan family—the kind for general use.

Message, 5022, is too well known for us to try to describe, but he is still in the ring and that's "nuf sed."

The three jacks are all black with white points, fine head and ears, heavy bones and we are willing for you to judge them. They come from the best jack families known in Kentucky and Tennessee, two of them being sired by the Hughes jack, so well known in Crittenden Co.

Terms—\$7.00, \$10.00, and \$12 and the horses \$10.00 each, except Message at \$15. Give us a call and we will convince you and assure you of a fair deal.

We also have for sale a car load of fine Tennessee mules, 3 to 7 years old and most of them broke to work. Prices in reason. Call and see them.

Thanking you for past favors we are,

Yours for business,

Mother's Heroic Act

Saves Baby's Body.

Glasgow, Ky., April 23.—The heroic act of Mrs. Green Graves, of Otia, Monroe county, in arising from her sick bed and saving the body of her little two year old son has just been reported here.

Mrs. Graves and her children were at home by themselves, she being confined to her bed on account of an operation. The backwater from the Cumberland river had almost surrounded the Graves home and the unfortunate little one fell into the water and was drowned. An older sister rushed into the sick room crying that the brother had fallen into the water. The mother got out of bed and waded into the water and rescued the little body just as it was about to drift away.

Spanish Onion is Cause For Divorce.

Chicago, April 22.—I've heard a great many reasons for couples separating, but a Spanish onion is a new cause, said Judge Goodnow in the court of domestic relations yesterday.

Louis Riedle, twenty-six years old, complained because his wife did not have any onion for him when he came home to dinner. Mrs. Riedle told the court she could not keep onions in the house because of their scent. The two quarreled and Riedle left home. He was ordered to pay his wife \$8.00 a week.

Deafness Cured

When Caused by Catarrh.

If you have ringing noises in your ears, catarrh germs are making their way from the nose to the ears through the tubes.

Many cases of deafness caused by catarrh have been cured by breathing HYOMEI. It reaches the inflamed membrane, heals the soreness and banishes catarrh, which is the cause of most deafness.

F. C. Vanaman, railroad conductor of Binghamton, N. Y., writes that he was cured of deafness after specialists had failed.

HYOMEI (pronounce it High-o-me) is guaranteed to cure catarrh, coughs, colds, asthma, croup, and sore throat, or money back. Complete outfit with inhaler \$1.00. Extra bottles 50 cents. Sold by Hayes & Taylor, the enterprising pharmacist, and druggists everywhere.

Allens Headed Westward.

Sheriff George W. Houser Thursday received posters from the sheriff at Hillsville, Va., in which it is stated that he believes Sidna Allen and Creal Edwards, the former's nephew, have fled over the mountains and are now traveling on foot westward. Accompanying the poster is a photograph of Allen and Edwards. One thousand dollars reward is offered for the murders, whether they be dead or alive.

DR. BELL'S ANTI-PAIN For Internal and External Pains.

hour of brazen mouth religious rant and political demagogue. Men do not want to be soothed but roused, fired by noblest energy, greatest aims and splendid achievements, they want to realize to a full purpose that there is a reality, something that reaches men's hearts and makes them new men.

The churches have to a great extent lost their power with the people.

The home has lost its power, sons and daughters openly profess the "gad-about" principle, and they term it "having a good time" and more or less indifferent to their own interests. They snap the chain that should bind them to church, home and country, and follow their own peculiar form of enjoyment. Hence the great unrest.

We have no idea how to manage the muddle, for a muddle it is and a muddle it remains.

The doubtful period is the one the whole world is living today, vague uneasiness, restlessness, suspense, dissatisfied with things as they are.

There is the pulpit braggart and the upstart in politics. Opportunity to reach and reform the restless masses as they surge to and fro, with here and there a gleam of hope among them, but for the most part moving in darkness, and so the rising population is but a sample of the "unrest" pervading all classes and all ages, with a vague sense that nothing is going to last very long.

And such strange times when women are so ready to throw off their womanliness and become mere "roughs", in the general fray and put themselves in harness and earn the right to live. They have wilfully destroyed the ideal of womanhood so long cherished by man, in the days of chivalry and sentiment, yet this is only a part of the great unrest. There is no country that does not feel it, no nation that is not expecting a change. Unrest, looking for something, some unseen farce.

But the greatest of all is, "earthquake tremors" that are shaking the churches to their foundations and the growth of what is called the "New Thought" the thought of the Platonic Philosophy. The New Thought has become overlaid by different human opinions, until it has become a useless system.

Our lives on this planet were intended to be lives of joy, health, beauty, love and mutual helpfulness. We spin on our earth in gathering storm-cloud, between two periods of time, the past and future. But every knee must bow and every tongue shall confess and every soul must confess not only in theory but in action. "Who will deliver me from the body of this death?"

ONE DROP down the throat of a "capped" chicken destroys the worm and saves the chick's life. A few drops in the drinking water CURES and PREVENTS GAPS white diarrhoea, roup, cholera and other chick diseases.

GET A FIGURE AT THE WASHTUB.

Finest Kind of Beautifier Says The Best Authority.

Cambridge, Mass., April 23.—Housework is a magic elixir that will make women's figures beautiful, according to Dr. Dudley A. Sargent, Harvard's physical culture expert who has been a judge of perfect human forms for the last decade.

"Kneading bread is a specific for a finely shaped forearm. An hour's work at the washboard is equal to a similar effort with the chest weights as a developer

of the upper arms, back and shoulders.

"Where a woman does her own housework, with its manifold varieties of physical requirements, nearly every muscle of the body may be brought into action during the day. Nothing is better for the development of the large muscles of the thighs or for the reduction of fat about this region than running up and down stairs.

"No better method could be devised for strengthening the chest and straightening the spine than scrubbing floors on the hands and knees especially if the left arm as well as the right be used.

"Sweeping with a long handled broom, if the broom be used on both sides so that both arms may be used in the same way, furnishes an admirable means of developing the chest and shoulders.

"If a carpet sweeper is used instead of a broom the abdominal muscles as well as the muscles of the back are brought into action and the extensor and flexor muscles of the arm are much used. Working a lawn mower brings the same group of muscles into still more powerful action."

The Great Unrest.

(By J. B. McNeely.)

Mr. Ed.—We have just read and reread a selection on the above subject written by Miss Correlli in the "World of Today." Here are a few thoughts that we gathered in reading, what we term one of the finest compositions we have read recently.

Today at this very moment all over the world. This game of playing the "fool" is going on with reckless speed, the human Humbug get face to face with Eternal equity, which always has existed and always will exist. Man endowed with splendid gifts and reason is every

where and continually gambling away his highest birthrights for gold, man whom the celestial forces have led step by step until he has arrived at the open gateway of science. He "hangs back" and tries to put a stop on the wheel with the result that he himself is crushed and ground to powder by the great wheel of time. We listen to the cry of the vengeful, the cruel, in all ages of the world until we have become formal, unfeeling, unsympathetic in our devotions and religious services we try to put in figures that have no place in the divine plan. Now and then we see the folly of our actions, "but seeing we pretend to be blind." "Ye hypocrites! You can discern the face of the sky and of the earth, how is it that ye do not discern these things?" Are we not drifting into sheer hypocrisy in social convention? Like the ostrich man prefers to bury his head in the sand that he may be as blind and deaf as possible to things around for fear it would be unpopular to appease the doming disaster, wanting to be popular with the great masses—this creates a great spiritual unrest. This is the animal and un-God-like craving. But let us keep in mind the great Creator, He who holds the starry heavens in the hollow of His hand, by whose express thoughts solar systems are born like blossoms in the field of ether. He made the nestling birds hidden under the green leaves, not one shall fall without your father knoweth it.

But we slowly become aware that we are not on the right track, that something is about to happen that will upset all our cherished plans, we have no time to retrace our steps for we find we are going down hill at a rapid rate. Then we enter on the doubtful period.

For the time of the cream of the old tradition is past, and the

Aged Sisters are Burned and One of Them is Killed.

Hopkinsville, Ky., April 24. — Miss Lydia Jenkins, aged eighty, was burned to death late yesterday afternoon about five miles north of town, and her sister, Alice Jenkins, aged seventy-eight, was seriously burned trying to smother the flames.

The two old women lived alone and the elder went out to burn some trash in the garden. Her clothes caught fire, and when her sister reached her she was in full blaze. The sister, on account of her feebleness, was unable to smother the flames, and the older woman was so badly burned she lived only three hours. The condition of the younger sister is serious.

Has One Brother at Paducah and One at Smithland.

Jeffrey P. Rogers, an uncle of T. A. Rodgers, of the Paducah Printing and Bookbinding Co., and a brother of Mr. George P. Rodgers of Smithland, was purser aboard the Titanic and went down with the ship unless some mishap occurred in his plans between the mailing of a letter shortly before the Titanic sailed and the actual sailing.

According to advices received by relatives here and at Smithland Mr. J. P. Rogers received his promotion from purser aboard the Lauretania to purser aboard the ill-starred Titanic several weeks ago. He wrote at length of his pride at being an officer on the greatest ship ever built, but his letter was not as optimistic as usual.

The wires were kept hot yesterday by both Mr. Rodgers of Paducah and the brother at Smithland in efforts to learn his fate, but like all the rest of the thousand agonized people with friends and relatives aboard the Titanic, nothing could be learned beyond the bare details given in the news stories. Purser Rogers was 30 years old and had been on the White Star liners for ten years.—Paducah News Democrat.

High Cost of Living in 1789.

Here is a copy of an old price list of articles on sale in New York City in 1789. The high cost of living today makes some of these articles seem wondrously cheap; while others would be dear, even now. Compare the whole table with present prices and note the odd differences:

Superfine flour \$5.50 per bbl.
Common flour \$5 per bbl.
Muscovado sugar, 6 1/2 to 8 cts., a pound.
Loaf sugar, 15 cents a pound.
Butter, 7 to 8 cents a pound.
Lard 8 cents a pound.
Coffee 22 cents a pound.
Chocolate, 13 cents a pound.
Hyson tea, \$1.50 a pound.
Segun tea, 79 cents a pound.
Bohea tea, 30 cents a pound.
Windward Island rum 50 cents a gallon.
Country rum, 32 cents per gallon.
Ham, 7 cents a pound.
Beef, 3 1/2 cents a pound.
Carolina tobacco, 3 1/2 to 5 cents a pound.
Virginia tobacco, 4 to 5 cents a pound.
Two-pound loaf of wheat bread 6 cents.
Rye loaf (1 lb. 8 oz.) 3 cents.
Men's boots, \$6.00.
Women's shoes, \$1.50.
Beaver hat, \$8.00.
Black satin breeches and striped silk vests, \$3.00 each.
Cloth for suits, \$4.75 a yard.
Tavern breakfast, 25 cents; dinner, 34 cents; supper, 25 cts.
A single bed in a tavern cost 25 cents; a double, 31 cents.
Roast chickens at taverns were 34 cents each.
Champagne, \$1.25 a bottle.

THE EFFECTIVE LAXATIVE

Tastes Like and is Eaten Like Candy.

In our experience in the handling of drugs and medicines, we believe we have never had experience with any Remedy that gave such great satisfaction to our customers as do Rexall Orderlies. This Remedy is not like any other laxative or cathartic. It contains all the good features of other laxatives, but none of their faults.

Our own faith in Rexall Orderlies is so strong that we offer them to you with our own positive personal guarantee, that if they do not thoroughly satisfy you, you only need tell us and we will hand back to you every penny you paid us for them. Therefore, in trying them upon our recommendation you take no risk whatever.

Rexall Orderlies taste like and are eaten like candy. They do not gripe, cause nausea, excessive looseness, or any other annoyance. They act so easily that they may be taken at any time, day or night. They are particularly good for children, aged, or delicate persons. They are put up in convenient tablets in three sizes of packages. Prices, 10c., 25c., and 50 cts. Remember, Rexall Remedies can be obtained in this community only at our store—The Rexall store. Titanic a Monster of Steel No Wonder She Sank.

In the White Star Line's triple-screw steamer Titanic were epitomized all the science and skill of a century of steam navigation. Figures speak most concisely and eloquently of the supremacy of the Titanic, but the following table will be interesting principally because of the remarkable advance recorded in the dimensions of these latest and greatest conquerors of Neptune:

| | |
|---|---------------|
| Tonage registered | 45,000 |
| Tonage displacement | 66,000 |
| Length over all | 886 ft. 6 in. |
| Breadth over all | 92 ft. 6 in. |
| Breadth over boat deck | 94 ft. |
| Height from bottom of keel to boat deck | 97 ft. 4 in. |
| Height from bottom of keel to captain's house | 105 ft. 7 in. |
| Height of funnels above casing | 72 ft. |
| Height of funnels above boat deck | 81 ft. 6 in. |
| Distance from top of funnel to keel | 175 ft. |
| Number of steel decks | 11. |
| Number of water-tight bulkheads | 15 |
| Passenger carried | 2,500 |
| Crew | 860 |

While referring to these numerical details it may be well to point out that the largest plates employed in the hull are 36 feet long, weighing 4 1/2 tons each, and the largest steel beam used is 92 feet long, the weight of this double beam being 4 tons. Further, the colossal rudder,

which operated electrically, weighed 100 tons, the anchors 15 1/2 tons each, the center (turbine) propeller 22 tons and each of the two "wing" propellers 38 tons each. The huge after "boss arms," from which were suspended the three propeller shafts tip the scales at 73 1/2 tons, and the forward "boss-arms" at 45 tons. It is also interesting to note that each link in the anchor chains weighed 175 pounds.

Besides being the largest and heaviest vessel ever built, it was also undoubtedly the stoniest. The towering hulls were molded to battle against the seven seas, and boasted the presence of three million rivets (weighing about 1,200 tons), holding together the solid plates of steel. To insure stability in binding the heavy plates in the double bottom of each ship half a million rivets, weighing about 270 tons, were used.

The double bottom extended the full length of each vessel, varying from five feet three inches to six feet three inches in depth and lent added strength to the hull. The subdivision of the hulls of the Titanic into fifteen compartments separated by water-tight bulkheads of steel, further assured safety of the vessel.

The gigantic size of the steamer is best appreciated when it is recalled that in length it overtops by 182 feet the height of the Metropolitan Tower in New York—the highest offices building in the world. The ship being

four times as long as the height of the famous Bunker Hill monument, and 327 feet longer than the height of the Washington monument, its massive measurements far excelled America's most famous memorials.

Bilge or fin-keels prevented the fine steamer from rolling, and the machinery was the unique combination of reciprocating engines (operating the two "wing" propellers) and a low pressure turbine (operating the center propeller) — an arrangement which has been tested thoroughly and found most satisfactory from an engineering point of view.

BALD HEADS NOT WANTED

Baldness is too Generally Considered a Sign of Advanced Age.

A bald-headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have established an age limit, and refuse to take men over 35 years of age as new employees.

Probably 65 per cent of bald-headed people may regain a good head of healthy hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any head, unless the roots of the hair are entirely dead, their follicles closed, and the scalp become glazed and shiny. We want people to try this remedy at our risk, with the distinct understanding that unless it does exactly what we claim it will, and gives satisfaction in every respect, we shall make no charge for the remedy used during the trial.

We know exactly what we are talking about, and with this offer back of our statements no one should scoff, doubt our word, or hesitate to put our remedy to an actual test.

We want every one in Marion who is suffering from any scalp or hair trouble, dandruff, falling hair, or baldness to try our Rexall "93" Hair Tonic. We want them to use it regularly—say until three bottles have been used—and if it does not eradicate dandruff, cleanse and refresh the scalp, tighten the hair in its roots, and grow new hair, we will return every cent paid us for the remedy for the mere asking. There is no formality expected, and we exact no obligation from the user whatever. We are established right here in Marion, and make this offer with a full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not dare make the above offer unless we were positively certain that we could substantiate it in every particular. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store. HAYNES & TAYLOR, Marion, Ky.

Dr. Roscoe Dead

The Hopkinsville New Era has this to say of a brother of Prof. J. W. Roscoe, of Tolu.

"Dr. J. F. Roscoe died very unexpectedly this morning about 8 o'clock at his home near Julian of heart disease. Dr. Roscoe complained of being indisposed last night but no serious import was attributed his condition. This morning he was still feeling badly and did not get up as usual and shortly after breakfast he grew worse and died in a short time.

Dr. Roscoe came to this county nearly half a century ago from Gallatin, Tenn. He located near Julian and had lived there ever since, practicing medicine and managing the large farm he owned. He was widely known and beloved by reason of his many admirable traits of character and his readiness at all times to befriend a neighbor or ease the burden of suffering humanity. Until recent years he enjoyed a large practice but his health had been poor for some time which forced him to abandon active pursuits. As a physician he was markedly successful and he was always ready to answer the call of the sick and afflicted whether rich or poor.

Dr. Roscoe was sixty-nine years of age. He was a member of the Methodist Church and a devoted Christian. He is survived by one daughter who lived with him and several brothers and sisters. His wife died two years ago.

The interment will take place near the home. Funeral arrangements have not yet been made."

NO RAISE IN CRITTENDEN CO.

Judge Blue received the following communication Monday, which is good news to our taxpayers:

Frankfort, Ky., April, 20.
County Judge, Crittenden Co.,
Marion, Ky.

Dear Sir:—

At a meeting of the State Board of Equalization held on April 19, 1912, the Board considered the assessment of your county and decided as final action to add no per cent on the lands and personal property of your county subject to equalization as the law provides, and no per cent on the town lots of your county. Respectfully,

M. J. Meagher, Chairman.

Attest,

Victor V. Parkwood, Sec'y.

WALNUT VIEW

Ezrel and Lowren Paris are visiting their father, Scott Paris. Ches Fletcher has moved to Dick Cruce's place and will make a big crop of tobacco.

Aunt Kate Duffey had a slight paralytic stroke last week, it being the second one lately.

Mrs. Presley Ford has been on the sick list the past two or three weeks.

John Cochran had a fine mare and mule killed on the railroad, and another mule's leg and back broken last week.

Frank Debe, of Fredonia, was here last week.

Mr. and Mrs. J. S. McMurray, of Marion, spent Saturday night and Sunday with W. L. Adams and family to congratulate Mrs. Adams on her fast recovery from her recent operations.

Press Cruce, of Sisco's Chapel, was here one day last week.

Dick Cruce is selling out his milk cows, and he has some good ones for sale but Dick says he rather sell out than to milk himself.

Mat Waddell will leave in a few days for Jonesboro, Ark., for a short visit to relatives. He will take two of his children with him.

Miss Pearl Waddell left Saturday for Bowling Green college. She taught at Chapel Hill this winter. They complimented her with board, to get her.

Prospects are fine for a crop of

fruits and berries with us this season; excepting peaches.

T. O. Jones was a juror at Paducah last week in Federal Court.

No corn ground broke here yet, and it rains every day.

Mrs. Minnie Paris has moved to Arkansas to reside.

Warren Bell has moved into Mat Waddell's house for this season.

If all the eggs hatch that have been set over the telephone in our section this year, Bob Franks' chickens won't be in it.

James Thomas lost an old family horse last Saturday night and he and his son, Robt., buried him Sunday. They were greatly attached to him and felt almost as if they had lost a member of the family.

WESTON

We are glad to report that the water is falling, at this writing. Mrs. Ruth Swansey and daughters, Rowena and Geneva, made a flying trip to Sturgis Thursday. Capt. Sturgeon, with his little boat "Ollie James," took Mr. Carter and family to Caseyville, Sunday. They were accompanied by several Fords Ferry boys, among whom were John Barnes, Jimmie Rankin and Roy Brewer. Misses Vera, Beatrice and Lillian Bennett were the pleasant callers of Mrs. Rissie Cain, Sunday.

Hayden Casey and Al Stokes are giving old Weston a call this week after having been in Rosiclare, Ill., for two months.

Levi Steele, of the Baker section, was in our town Thursday.

Rev. O. D. Spence failed to fill his appointment here Saturday and Sunday on account of the high water. We are glad to say this is the first time Bro. Spence ever failed to fill the pulpit for the past two years. He came through those deep snows we had during our winter hurrah for our little pastor.

Nearly all the farmers about our neighborhood have hauled off their tobacco and are breaking ground for a new crop.

Clarence Black, of Webster county, has decided to come over in Crittenden to live.

Office over Marion Bank

Rev. Henry V. Escott returned Thursday from the Princeton Presbytery which convened at Henderson last week.

Sunday he filled his pulpit at the 11 o'clock morning service, and in the afternoon drove over to Dean's school house and preached to a good sized congregation, returning here in ample time for the evening service at 7:30 o'clock.

OUR FRIENDS IN PRINCETON

Give Added Praise. Their Statements Are Convincing.

It is gratifying for us to read such good news as the following, for it shows that the experience of our friends in Princeton is the same as that of many Marion men and women who have spoken out so heartily in the columns:

Mrs. Mattie L. Morse, Princeton, Ky., says: "For years I suffered from kidney trouble. My back pained me terribly and at night the trouble was worse. I did not sleep and in the morning felt more tired than when I went to bed. I was dizzy and nervous and my limbs became swollen that I could not do my housework. I was hardly able to get around without assistance. At times I became unconscious. One day I got a box of Doan's Kidney Pills and as soon as I began their use, I felt their good effect. In a remarkably short time I was around, doing my housework. That was nearly four years ago and I have taken a few boxes of Doan's Kidney Pills since then and they have kept my kidneys in good normal condition. Any kidney sufferer who sees this will do well to take my advice and use Doan's Kidney Pills. I cannot praise this excellent remedy too highly."

Expected Visitor to Kentucky Believed To Have Been on Titanic.

Paducah, Ky., April 20.—One of the men believed to have gone down with the 1,000 on the steamer Titanic was enroute to Paducah on a visit to relatives. He was Harry Mitchell, a retired merchant, living on the island of Guernsey, which is in the English Channel. He was enroute to America on a visit to Mr. and Mrs. H. I. Jeffery, of Paducah, and Mr. Jeffery's mother of Toledo. At first his relatives in America thought he had sailed on a later ship, but advice was received from England, that Mr. Mitchell was a passenger on the Titanic.

Ranchman's Wife Loses Life in April Blizzard.

Hemingford, Neb., April 23.—A blizzard which raged in Northwestern Nebraska last night claimed at least one victim and probably two. Mrs. Richard Peth, wife of a ranchman, who with her little son, started out in the absence of her husband, at the beginning of the storm to drive the stock to shelter was lost in the snow. Her body was found today not far from home. The child has not been found but it is feared he also perished. The blizzard was the worst ever experienced in this section so late in the spring. Many houses were unroofed and many head of cattle perished. The storm extended as far west as Sheridan, Wyo., and eastward nearly 100 miles, but east it was of less severity.

Best Seed Corn.

Mr. J. Martin of Sullivan, sent some corn to the U. S. Dept. of Agriculture, Washington on examination of which showed the germination to be 81 per cent which is 2 per cent more than the average sent in by 17 of the principal corn growers of the State.

This general average shows the very inferior grade of corn of the season. A fine lesson for the farmer at this time of the year when corn is to be selected for a new crop. Should every grain planted meet with no destructive agency, only 79 per cent would grow to each field.

Mr. Martin is to be congratulated upon the comparison with other states.

We need more farmers to take like interest in the matter.

RIGHTS.

This theme offers a field most profitable for study and thought. The true relation between ourselves and others. These well understood and practically recognized by all would give complete harmony. There never could be any more war with its bloody scenes, no prisons, nor jails, for there would be no more crime. The judge, the lawyer, and the locksmith would be almost idle, and the doctor would have fewer calls. The preacher would preside at fewer funerals. Men would be far richer than now and would not toil half so long nor half so hard. There would be no strikes, no labor troubles of any kind, and night riders would cease to exist for the cause that called them into existence would be removed.

All that any man needs is to have and enjoy his rights.

Then this old sinful world would be an Eden where nothing but love and happiness would exist. This is not a fancy nor a dream. Think about it and you will see that it is true. The object and end of all law with its vast machinery, it to secure this. Everything has its rights. Not the king any more than his servant that goes at his bidding. Not the rich man more than the beggar at his door, not the preacher more than the humblest layman, not the trust more than the poor farmer who labors hard for his daily bread, not the devotee of fashion more than the maid that ties her gaiter. All have their rights; for God hath so ordained and you must remember that these rights are inalienable. Man may be deprived of the enjoyment of his rights, but this is tyranny, and sin, and he who bestowed them will hold all to a strict account for their denial or hindrance.

This would be a better country and would abound with a happier and better people if we would think soberly on this subject. We clamor much and loudly about our own rights, but are often willing to forget the rights of others. Every person has a right to defend his possessions from any and all encroachments. The man of wealth and power may be more able to do this but he has no better right to do it than the humblest of creation.

Might may usurp and trample upon right but it ought to be rebuked and driven back to its own sphere.

Rebellion against oppression and in defence of justice is a natural right and not a sin. It may be unwise at the time and too hasty, but righteous still, but not expedient. If it was against supposed or fancied in-

justice, it was folly a crime and encroachment as well.

It is a very broad statement, but I take it as true, whoever robs another, loses more in the end than the one he has robbed. I had rather be robbed than be a thief, I had rather be slandered than be a liar, I had rather die than be a murderer, simply because I would suffer less and be better off in the sight of both God and man.

A REMARKABLE LETTER.

(From Fulton Guard.)

Milan, Tenn., March 28.—Mr. J. A. Warner, of this city, has in his possession a wonderful letter, which is probably one of the oldest specimens in existence. It has been in the Warner family 173 years. It is written on a material resembling parchment, and yellow with the age of over two centuries. The copy and letter are presented as follows:

(COPY OF A LETTER.)

Written by our Lord and Savior Jesus Christ, and found eighteen miles from Inconium twenty-five years after our blessed Savior's crucifixion and transmitted from the holy city by a converted Jew, and faithfully translated from the original Hebrew copy now in possession of Lady Cubass.

"This letter was found under a stone, both round and large at the foot of the cross, eighteen miles from Inconium near a village called Mesopotamia. Upon this stone was engraved: 'Blessed be he that shall turn me over.' All that saw it prayed to God earnestly and desired that He would make known unto them the meaning of this writing, that they might not in vain turn it over. In the meantime a little

child of about six or seven years of age turned over to the admiration of all present, and under the stone was written the command of Jesus Christ in a letter published by the angel, Gabriel, 98 years after the death of our blessed Savior, and carried by a lady belonging to Lady Cubass and made public in the city of Inconium.

THE LETTER.

"Glory to God on high and on earth, good will to all men, who save you on the Sabbath day shall be cursed. I command you to go to church and keep the Lord's day holy without doing any manner of work. You should not idle or mispend your time in bedecking yourselves in superfluous and costly apparel and vain dressing for I have ordained a day to be kept holy that your sins be forgiven; you shall not speak my commandments, but observe and keep them written in my own hand. You shall not only go to church yourself, but your man servant and your maid servant, to observe my word and keep my commandments. You shall finish your labor every Saturday at 6 o'clock in the afternoon, for that time the preparation for Sabbath begins.

"I advise you to fast five days in a year, beginning with Good Friday, and so continue for five days following, in remembrance of the five bloody wounds I received for mankind. "You shall diligently and peaceably labor in your respective vocation wherein it has pleased the Almighty God to place you.

"You shall love one another with brotherly love and cause them that are not baptized to come to church and receive the sacrament and be made members thereof, and in so doing I will

give many blessings, and comfort you in great temptations and surely he that doeth to the contrary shall be cursed and be unprofitable. I will also send hardships of heart upon them, but especially upon impenitent sinners and hardened unbelievers. "He that giveth not to the poor shall be unprofitable.

"Remember to keep the Sabbath day, for the seventh day I have kept to Myself and he that hath a copy of this letter and publishes it not to others shall not prosper, and they that publish it to others shall be blessed of me, and if the sum be in numbers as the stars in the firmament and believe in this they shall be pardoned and if they believe not in this writing and keep my commandments I will send my plague on them and their children and their cattle and whosoever shall have the copy of this letter and kept in the house nothing shall do them any damage, neither pestilence, lightning or thunder shall hurt them, and if a woman be with child and in labor if a copy of this letter be about her and she firmly puts her trust in me, she shall be safely delivered of her birth; you shall hear no more of Me, but of the blessed spirit until the day of judgement.

Germs Spread in Skin

Eczema, Psoriasis and other skin troubles are caused by myriads of germs at work in the skin. Unless these germs are promptly destroyed they rapidly multiply, gnawing their way deep into the sensitive tissue. This is what causes that awful itch, and what seemed a mere rash becomes worse and develops into a skin disease and torturing skin disease with its years of misery. Don't take any chances! Destroy the germs at the beginning of the trouble with that soothing and cleansing wash, the B. D. D. Prescription for Eczema. A 25c bottle will prove this to you.

We have had experience with many remedies for skin trouble but have never seen such remarkable cures as those from B. D. D. Prescription. In those from the very first application. We are so confident that B. D. D. will reach your case that it will cost you nothing if the very first full size bottle fails to make good every claim. If you have skin trouble of any kind, we certainly advise you to drop in and investigate the merits of B. D. D. anyway. We know that B. D. D. will help you.

At 7:30 p. m. Public Worship, with sermon by Bishop Collins Denny.

The weekdays following will be observed as a kind of a "Home-Coming" for old pastors and presiding elders; and services will be held each night at 7:30 as follows:—

Monday night, Rev. J. B. Adams, presiding elder of the Henderson District will preach.

Tuesday night, Rev. S. J. Thompson, presiding elder of the Owensboro District, will preach.

Wednesday night, Rev. T. V. Joiner, Pastor of Hartford, Ky. Methodist Church, will preach.

Thursday night, Rev. J. B. McAfee, Pastor of Franklin, Ky. Methodist Church, will preach.

Friday night, Rev. Virgil Elgin, Pastor of Jeffersonton, Ky. Methodist Church will preach.

On Saturday night, May 4th, there is to be a Public Reception given to the members of the Church and Congregation and friends throughout the city and elsewhere, at which Dr. and Mrs. Arthur Mather will preside as Host and Hostess and be assisted in "receiving" by members of Official Board and The Ladies' Aid Society. During the evening the New Church, with all its equipment and facilities will be open to the inspection and examination of those present.

On Sunday, May 5th, special sermons will be preached by Rev. W. B. Palmore, D. D. of St. Louis, Mo., Editor of the St. Louis Christian Advocate, who has just returned from a year's trip around the world, and, who is counted one of the most popular ministers in the Methodist Church in the South.

Sunday, May 12th, at eleven o'clock the sermon will be preached by Bishop Eugene R. Hendrix, D. D., LL. D., of Kansas City, Mo., who is the President of the Confederate Council of Protestant Churches in America, and as such is the chief Protestant Official in the Land. After the sermon, Bishop Hendrix will formally set apart the Church for Public Worship, by dedication, according to the usage of the Methodist Episcopal Church, South.

On Sunday, May 19th, Two sermons will be preached by the Rev. Gross Alexander, D. D., of Nashville, Tenn., Connectional Editor of the Methodist Episcopal Church, South; and Editor of the "Methodist Review." Dr. Alexander is reckoned as a minister and scholar of international reputation, and is sure to be heard to great advantage on this occasion.

This brings the round of special ceremonies connected with the actual dedication to a close; but they will be followed immediately by a protracted meeting in which Dr. Mather will have the assistance of the fine orchestra, and choir, under the leadership of Prof. W. B. Yates, assisted by Messrs W. L. Shell, Redford Yates, Robert and C. D. Lear and other well known musicians.

also an apportionment for the churches, Young People's Societies and Sunday Schools, which was heartily concurred in. J. T. Smith made an excellent talk on the kind of Sunday School we needed and the work of the Sunday School Missionary.

The following were elected Commissioners to the General Assembly: On the part of the Ministry, A. J. Thompson, principal; and E. B. Landis, alternate; on the part of the eldership, R. B. Allen, principal, D. L. Winslow, alternate.

The attendance at all the popular meetings of the Presbytery was good. The house was well filled at each service. The music conducted by Rev. Wallace Clift, was excellent. The male quartette rendered some fine selections.

Arrangements were made for the installation of Rev. Wallace Clift at Marion and Rev. J. F. Claycomb at Sturgis. The following were elected as trustees of Princeton Collegiate Institute: R. D. Garrett, D. H. Garner, J. F. Price, W. H. Jones and R. L. Gresham.

The committee on Christian Life and work made a fine report, Rev. J. F. Claycomb, chairman. It showed that about all our churches had installed pastors, or to be installed in the near future. It showed that the attendance upon church services was equal to 90 per cent, of its membership, which is an encouraging feature; that we have fifteen women's Missionary Societies with an average attendance of sixteen; that we have five Young People's Societies doing splendid work; that the pastors of this Presbytery are of an evangelistic turn of mind and hence are endeavoring to keep the spiritual fires of the Church burning. It made these recommendations:

1. That all pastors at once, or as soon as is practicable, organize their young people into Societies of Christian Endeavor.

2. That the Women's Missionary Societies, Sunday Schools, prayer meetings and all the auxiliaries of the Church be most heartily supported by both the pastor and the membership.

3. That each church this year attempt two things: (1) To meet their full apportionment to the Boards; (2) At least double the membership received into the church last year.

The committee on Systematic Benevolence made a report showing the encouraging features of last year's Institutes and offerings. It recommended a series of Institutes for this year and

THIS IS THE AGE OF WOMAN

From Pulpit and Bar to Mine and Furnace She is Doing Man's Work.

It may be difficult to tell what is a woman's age, but unquestionably this is it. Men's colleges into which women have made their way have had to drive them out again in order to give the men a chance at graduation honors. From the pulpit and the bar down to the coal mine and the iron furnace women are doing what used to be regarded as man's work. The literature of the day is overwhelmingly feminist in its character, and very much of it is the work of women. Men are being told things about women that it was not deemed proper for their fathers to know, and as for themselves, they are being shown up without remorse.

Within a few days illustrations of the feminist revolution, physically and intellectually, have become public. Man is destined to lose even his physical superiority. The superintendent of a hospital in Boston, where 3,000 babies are born annually, says: "We have noticed that girl babies are getting taller and that they are appearing in this world lately with more real vitality than formerly. The boy babies continue on the average, both in weight and height."

HOW EMMA BECAME QUEEN

Remark of Present Dowager of Netherlands Caused Late King to Propose Marriage.

Queen Wilhelmina's mother, the queen mother of the Netherlands, is a cheery, kindly-faced woman in her early fifties, very like her sister, the Duchess of Albany. Her simple goodness and unaffected manner have made her extremely popular with the Dutch, and this in spite of the fact that she had a great deal of prejudice to overcome when she first left her German home for Holland. Widowed in 1890, when her daughter was 10 years old, Queen Emma's chief function in life was to prepare the future Queen of the Netherlands for her high position, and this, it is admitted on all sides, she has done thoroughly well. A curious incident is narrated in connection with her marriage in 1879 to old King Wilhelm of Holland. The king had proposed to her very beautiful sister, Princess Pauline, who rejected him because of his age. "I would never refuse to become a queen," said the young Emma to her haughty sister. The king heard of this remark and Princess Emma became queen of the Netherlands, while Princess Pauline married an obscure German prince.

HIS SHINING GIFT.

"Sweetheart," he began passionately, as she opened the door to him on Christmas afternoon, "I have come to offer you my little token of a merry Christmas. I want you, when you wear it, to consider it as a symbol of my love. Let it bind us closely together. Dearest, pray accept this little gift. I am sure it will fit your finger!"

She took the small box with trembling hands, giving him an altogether adoring look and nestling closer, her heart palpitating. At last he had made good. Oh, ten million joys! Then ten million more! Eagerly she lifted the cover, and her eyes met the bright, shining brilliancy of a beautiful—silver thimble!—Puck.

Just a word to the parents and older people of this community in regard to Sunday School last Sunday. Circumstances were such that the superintendent and assistant could not be present so the crowd was there with no leader at all. Quite a number of children and young people to be taught, but where, oh, where, are the leaders? Wish the parents would think seriously on this subject. The work must go on, but who will help to do it? It is quite an honor to be an apostle of Christ.

SUTHERLAND'S EAGLE EYE SALVE Good for Nothing but the Eyes

Farmers' Bank

of Marion, Kentucky.

Capital Stock \$15,000

Before the introduction of Rural Free delivery of mails in this county, it was inconvenient for many citizens of the county to transact their banking business in Marion.

On account of that inconvenience, many of this county's citizens began to do business with banks located in other counties.

The daily delivery of mail from Marion to the homes of almost all parts of the county, removes that inconvenience, and this bank has many patrons whose accounts are very active, but who seldom find it necessary to pay a personal visit to this bank. The mail brings in their business one day, and delivers them the bank's receipt at their gate, on the next day.

It is the purpose of this advertisement to reach such of the citizens of this county as may be continuing to transact their banking business with banks located outside this county, and invite them to patronize the institutions of their own county.

The Banks of this county, and their owners, pay their taxes in this county; they help to build and maintain the roads and bridges that you use; they help to maintain the schools in which your children are being educated. In these matters they are partners with every tax payer in this county.

Money deposited in the banks here, may be borrowed by your neighbor for the development of his business, and in helping him to his success, it helps to increase our county's resources.

Banks located in other counties do not help you pay taxes or maintain your schools but they use the money they make from your patronage, in devolving the resources of some other county.

Unless outside banks can offer you some facility or security that your home banks cannot offer you, do you not believe that loyalty to your home institutions should cause you to prefer to patronize them?

Some men have an idea that a **National** bank is more secure than a State bank, and for that reason hunt up a **National** bank to transact their business. The facts are; a **National** bank is not adapted to the needs of rural communities. No **National** Bank could lend you a thousand dollars on a ten thousand dollar farm, because the law forbids.

No **National** Bank could make you an offer for real estate notes, for the law forbids this kind of investments for them.

Your home banks can serve you in this way, because they are not restricted by the laws governing **National** Banks.

National Banks are required by law to keep as much as **twenty-five** per cent of their deposits in cash and on deposit in other banks.

On April 1st, this bank had **seventy-one per cent of its deposits in cash and in other banks.**

Some men have an idea that a **large** bank is safer to do business with than a **small** bank. The safety of any bank depends on the character and business ability of the men who manage its affairs.

A small field may be more carefully cultivated than a large one, so a small bank may be more carefully managed, more economically conducted, and is generally, more liberal in its dealings with its patrons.

If you are disposed to patronize your home banks, but are not quite ready to make the change **now** because you owe the other bank, come in and borrow from us the money you owe them, and pay them off and let them depend in the future on their home people for their patronage.

If you doubt our ability to serve you perfectly, ask your neighbor who does his business with us, he can, and will, gladly tell you how we do business.

TORNADO KILLS THIRTY-TWO PERSONS

One Hundred and Fifty Others Injured By Cyclone.

Thirty two persons are known to be dead, half a score were so severely injured they may die and a hundred and fifty others were hurt in two tornadoes, one of which swept over Southern Illinois and the other across Northern Illinois into Indiana just before sun-set Sunday night.

Twelve were killed at Bush, Ill., five at Willisville, names not obtainable; three at Reddick, Ill., three near Murphysboro, Ill., and nine at Morocco, Ind.

Twelve dead were found at Bush, Ill., and it is expected that more will be found when the debris is cleared away.

Five persons were killed at Willisville, and sixteen houses were demolished.

A special train arrived at Murphysboro, Ill., to-night carrying forty-one persons who were injured at Bush, Ill., by the tornado. They were taken to a Murphysboro hospital.

The St. Louis, Iron Mountain & Southern railroad station at Bush was destroyed, as were two rows of houses extending across the town.
